

**MET COLLEGE OF GUYANA ALUMNI Association (CANADA)  
ANNUAL GENERAL MEETING MARCH 2, 2008**

**President's REPORT**

MET College Alumni Association has once again in its 7<sup>th</sup> year still trying to reach out to our fellow classmates, students and teachers. The effort of membership drive to date has not been to our expectations but we did have a few new members showed up at our last general meeting.

Our web site is still up and running. It seems as though we are having members using this site but unfortunately no one is communicating with us directly. This site has been accessed 4495 times since September 1, 2003.

Fund-raising continue as we are in the fourth year of our annual golf tournament scheduled for June 7, 2008 at the Annandale Golf and Country club. The 2007 golf tournament was very successful, although the weather was very bad the night before. The financial results of this tournament will be addressed in the Treasurer's report.

Meetings of the board continued to be held on a monthly basis so as to discuss and keep on top of our activities. These meetings are being kept at board members' homes. Thanks to Faz and Rehana Mohamed, Nizam and Radhika Bacchus, Mobeen and Gracie Husain and Soorajnie Jaundoo who hosted our Christmas dinner. I would also like to thank members like Kenty Khan, Fareeda Hoosein, Kenny Deally and Ahmad Baksh for their contributions. Radhika Bacchus has been my help all through the year, she advised me and helped with preparing my speeches, kept the website of the alumni updated and also in the preparation for the upcoming golf tournament. Thank you very much Radhika.

It has been a good term in office for the last two years. My friends and associates were very cooperative and very helpful in guiding me through my office as President. Thanks to all of you. I am sure the new executive will carry on as we have done in the past and hope that this association increases it's membership. I can not forget my colleagues in the United States with whom we still have a friendly relationship and their support.

Thank you,

Shaw Jaundoo  
President  
Met College of Guyana ALUMNI ASSOCIATION (Canada)
